VISION STATEMENT

Our vision is to be the exporter of choice (out of Kenya) to all our current and future customers.

We guarantee unsurpassed service levels to our customers at all times.

PURPOSE

Mission statement

Our mission is to produce and supply our customers with high quality fresh produce through the effective use of highly qualified and motivated staff, suppliers and business partners. We believe in showing respect for our employees, customers and suppliers, while conducting our business affairs honestly, fairly and with integrity.

Through good agricultural practices, we ensure that facilities within our company farms and out growers as well meet the standards stated in our internal controls and standards operating procedures as well as respecting national and international food safety standards, worker Health and Safety, Wildlife Conservation, Quality management and Environmental Management. Such endeavors provide sustained income opportunities for farming communities and support the continued development of the Kenyan Agricultural industry.
